The theme for the year is Decades of Excellence; we will use slang, clothing, and culture from each decade.

Audio Video:

We will provide a screen, projector, laptop, and wireless microphone. Please e-mail the presentation to Lisa Molloy as soon as possible and it will be pre-loaded on the computer and sent out to attendees in advance so they can bring a copy of the Power Point presentation.

We like to post the info on our website (www.mgma-sl.org) so Lisa will need your bio, picture and a paragraph summarizing your presentation with a few bullet points (learning objectives). Please get this information to Lisa as soon as possible so we can start advertising your presentation.

Audience:

The audience consists of managers, business partners, CEOs, hospital employees, administrators of medical practices and CFOs. There will be managers of two physician groups and managers of fifty physician groups - a very wide variety.

Ground Rules:

You can put your company name on the slides, but the presentation must be educational and cannot become an infomercial for the services offered by your firm.
